to the assisting module(s)/team(s) to legally operate on our territory, including rights to open bank accounts, enter contract and leases

Entry points definition

Prepare Reception and Departure Centre (RDC)

Identification of assembly areas, movement lines and points of contact with GPS data

Provide security services in case of need and/or upon a request of assisting

Request for Assistance

When the scale of an emergency or disaster overwhelms the possibilities of a country to respond on its own, it can request assistance from the UN and the EU Civil Protection Mechanism.

This is a formal request from the affected country like this template:

REQUEST FOR INTERNATIONAL ASSISTANCE (MODULES, TEAMS)

- HN requesting authority and contact details:
- General description of requested assistance:
- Type of requested assistance (please specify as far as possible):
- Estimated duration of the deployment:
- Location of entry points (GPS coordinates):
 - Land transport:
 - Air transport:
 - Maritime transport
- Name, location and GPS coordinates of base of operation (BoO) (if already available):
- Availability of host nation support:

Commodity / service	Free of charge	Not free	Not available
food			
drinking water			
Fuel			
accommodation			
in-country transport			
medical support			
liaison officer			
interpreters			

- Additional remarks:

The Host Nation will:	YES	NO
waive any visa and/or immigration requirements		
issue any visa and/or immigration documents		
accept regulated professions: doctors/nurses/paramedics/ engineers/others (quote)		
exempt equipment/goods of the modules/teams from all customs duties, taxes, tariffs, fees, and from all export and import restrictions		
provide temporary authorisation to the assisting module(s)/team(s) to legally operate on our territory, including rights to open bank accounts, enter into contract and leases, acquire and dispose of property and instigate legal proceedings		
provide security services in case of need and/or upon a request of assisting module(s)/team(s)		

Liability.

Article 36, paragraph 1. of Commission Decision 2004/277¹ provides rules for compensation of damage caused by assisting modules/teams to property or service staff of requesting state².

For damage suffered by third parties, paragraph 2³ of the same Article invites the requesting State and State providing assistance to cooperate to facilitate compensation for such damage.

In this context:

- the HN declares to cover any damage suffered by third parties on its territory caused by assisting international modules/teams where such damage is the consequence of the assistance intervention provided for by this Decision, unless it is proven to be the result of fraud or serious misconduct.

yes / no

Additional remarks (specify to what extent and/or to what amount you are able to cover possible damage):

¹ Commission Decision 2004/277/EC, Euratom of 29 December 2003 laying down rules for the implementation of Council Decision 2001/792/EC, Euratom establishing a Community Mechanism to facilitate reinforced cooperation in civil protection assistance interventions

² Art. 36, 1: The requesting State shall refrain from making any request for compensation from participating States for damage caused to their property or service staff where such damage is the consequence of the assistance intervention provided for by this Decision, unless it is proven to be the result of fraud or serious misconduct.

³ Art. 36, 2. In the event of damage suffered by third parties as the result of assistance interventions, the requesting State and the participating State providing assistance shall cooperate to facilitate compensation of such damage.
